#### DECONCENTRATION POLICY

1. Objective: The objective of the Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the housing authority is to house no less than 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also the housing authority will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The housing authority will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the housing authority's computer system.
2. Actions: To accomplish the deconcentration goals, the housing authority will take the following actions:
  - 9) At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous housing authority fiscal year.

- 10) To accomplish the goals of:
  - 11) Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and
  - 12) Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income, the housing authority's Tenant Selection and Assignment Plan which is a part of this policy, provides for skipping families on the waiting list to accomplish these goals.

### **Progress Statement on PHA Missions and Goals**

The PHA has a goal to maintain a 5% or below vacancy rate. We haven't reached that goal but we have made progress by the 5.78% vacancy rate achieved as of June 30,2006. Getting the vacant unit number down is going to help lower the turn-around time. Turnover of units is down from 122 to 115. Part-two of the modernization work is under way in AL14-8, one of our problem areas. The PHA is working to become more comparable to other rental units in the city. The PHA will continue to provide security with better lighting and police patrols. Total tenant rental income was up 11.3%. Tenants accounts receivable was 1.46%.

## **ATTACHMENT al014e01**

The Community Service Provision was implemented by The Guntersville Housing Authority in 2003. The Community Service Notice was mailed to all current Tenants on July 30, 2003. Since that date all Tenants receive a copy of the Community Service Policy at Lease signing. Tenants who have been verified as Non-Exempt are notified and are required to have hours completed by their recertification date. Section II, Paragraph (A) of the Dwelling Lease refers to the Community Service Policy which is included in the Applications and Continued Occupancy Policy posted in The Guntersville Housing Authority Lobby.
